

# EINSIEDLER DOPPELBOCK

www.einsiedler.de | Since 1885

A dark silky coloured Bockbier with a glance of mahogany and a sumptuous creamy head of foam.

Einsiedler Doppelbock is typified by its malty and nutty flavours. Notes of roasted barley malts and raw coffee intensify its in depth flavour profile.

A strong and full-bodied palate from roasted notes and the slight aftertaste of chocolate will enchant your senses and delight our craftsmanship in turning this Doppelbock into true art.
